**CONGRESSO
NAZIONALE
della SOCIETÀ
ITALIANA di
FARMACOLOGIA**

**IL VALORE SCIENTIFICO
e l'USO APPROPRIATO
del FARMACO**

**ERGIFE PALACE HOTEL, Roma
16-19 novembre 2022**

SOCIETÀ ITALIANA DI FARMACOLOGIA

41° CONGRESSO NAZIONALE della SOCIETÀ ITALIANA di FARMACOLOGIA

IL VALORE SCIENTIFICO e l'USO APPROPRIATO del FARMACO

Mercoledì 16 novembre 2022

	AREA FORMAZIONE ECM	AREA FORMAZIONE NON ECM					
Ora	MASSALIA II	LEPTIS MAGNA	MASSALIA I	BAALBEK	TARRAGONA	PERGAMO	MYSALA
14.00-15.00	Symposium Sex-bias in preclinical research	Oral Communications Neuropharmacology 1	Oral Communications Cancer Pharmacology 1	Oral Communications Pharmacovigilance, Pharmacoepidemiology, Pharmacoeconomy and Real World Evidence 1	Oral Communications Cardiometabolic Pharmacology	Oral Communications Basic and Clinical Research	Symposium Biomarkers for optimization of pharmacotherapy: focus On immune-mediated diseases
15.00-16.00							
16.00-17.00		OPENING CEREMONY - SALA LEPTIS MAGNA					
17.00-17.45		Opening Plenary Lecture SALA LEPTIS MAGNA - Science and politics: to each his own, in the interest of citizens - <i>Elena Cattaneo (Rome)</i>					
17.45-19.15		Plenary Round Table SALA LEPTIS MAGNA - PNRR and drug policies in support of the National Healthcare System					

41° CONGRESSO NAZIONALE della SOCIETÀ ITALIANA di FARMACOLOGIA

Il VALORE SCIENTIFICO e l'USO APPROPRIATO del FARMACO

Giovedì 17 novembre 2022

Giovedì 17 novembre 2022								
	AREA FORMAZIONE ECM	AREA FORMAZIONE NON ECM						
Ora	MASSALIA II	MASSALIA II	LEPTIS MAGNA	MASSALIA I	BAALBEK	TARRAGONA	PERGAMO	MYSALA
8.30-9.00		Oral Communications Approaching Pharmacological Space and New Challenges in pharmacology	Symposium New options for understanding and treating chronic pain	Symposium Emerging therapeutic concepts and drugs in cancer therapy	Oral Communications Inflammation Pharmacology and Immunopharmacology	Symposium Immune dysregulation in cardiovascular disease - from novel mechanisms to therapeutic targeting	Symposium Patterns of patients' differentiation in respiratory diseases	Joint symposium SIF-Associazione Italiana di Epidemiologia How to deal with polypharmacy? From quality of care indicators to deprescribing
9.00-9.30					Lecture Complexity in developing an orphan drug: the case study of Polihexanide			
9.30-10.00	Round Table Population medicine in chronic diseases: Cardiovascular pathologies		Special Lecture Real World Evidence in support of the implementation of mission 6 of PNRR - Nello Martini (Rome)	Lecture Novel immunotherapies in multiple myeloma	Round Table Developing therapies for rare pediatric diseases: new rules and tools	Special Lecture Resolution (of inflammation): women do it better - Amrita Ahluwalia (UK)		Lecture Orexin: a new target for insomnia treatment
10.00-10.30				Immunotherapy of cancer - what we know and what we can still achieve: future perspectives		Symposium Immunometabolism as an emergent therapeutic target in autoimmunity		Round Table SIF-SITOX Efficacy and safety of nutraceutical products
10.30-11.00	Round Table Real World Evidence in support of the implementation of mission 6 of PNRR: the role of scientific societies in the national plan of study and research	Lecture The evolution of early stage non-small-cell lung cancer treatment and the new role of immunotherapy						
11.00-11.30	Special Lecture Acetylsalicylic Acid 1897-2022: New Avenues for Research - Carlo Patrono (Rome)							
11.45-12.15		Plenary Lecture SALA LEPTIS MAGNA - Personalised cancer medicine: Design of chemical probes and drugs - Paul Workman (UK)						
12.15-13.45		Plenary Round Table SALA LEPTIS MAGNA - What is the role of the future pharmacology and medicine for the Personalized Health-Care (PHC)?						
13.45-14.30		Poster Session I and Lunch						General Assembly “Collegio Nazionale dei Farmacologi Universitari”
14.30-15.00								
15.00-15.30	Symposium Therapeutic perspectives in chronic heart failure: clinical and experimental aspects		Round Table PNRR Where are we going? The partnership in support to the Sanitary System	Round Table New horizons in cancer pharmacology and therapeutics. Toward innovative research paths in Italy	Symposium New therapeutic approaches in rare diseases	Lecture Type 2 inflammation: overview and role of Dupilumab in current and future indications	Symposium Novel mechanisms, atypical drugs and cell-based therapies for the treatment of inflammatory and autoimmune diseases	Symposium Treatment-Resistant Depression: the role of fast-acting antidepressants
15.30-16.00						Symposium Time to implement pharmacogenetic test in the clinical practice: a public health opportunity		
16.00-16.30								
16.30-17.00	Symposium Gene silencing strategies in dyslipidemia		Symposium Pharmacological strategies for selective targeting in cancer treatment			SIF-ISoP-SIMeF Joint Symposium Big data and artificial intelligence in Pharmacovigilance	Symposium Sex and gender inequality in pharmacology: raising awareness and motivating change	Symposium Impact of early life experiences on psychiatric conditions: accounting for sex differences
17.00-17.30						General Assembly “Sezione di Farmacologia Clinica della SIF”		
17.30-18.00	Joint Symposium SIF-SISA Treatment of hypertriglyceridemias			Oral Communications Addiction and Pain	Symposium From rare to common diseases: a continuous path for the development of novel therapeutics			
18.00-18.30								
18.30-19.00								
19.00-20.30			Poster Session II					

41° CONGRESSO NAZIONALE della SOCIETÀ ITALIANA di FARMACOLOGIA

IL VALORE SCIENTIFICO e l'USO APPROPRIATO del FARMACO

Venerdì 18 novembre 2022

Venerdì 18 novembre 2022								
	AREA FORMAZIONE ECM	AREA FORMAZIONE NON ECM						
Ora	MASSALIA II	LEPTIS MAGNA	MASSALIA I	BAALBEK	TARRAGONA	PERGAMO	MYSALA	SPALATO
8.30-9.00	Symposium New perspectives in microbiota and gut-brain axis	Symposium The gliflozin lesson: where will we end up?	Oral Communications Toxicology	Symposium New challenges in Alzheimer's Disease: what lesson can we take from the past?		Oral Communications Pharmacognosy	Symposium How to prevent and to treat COVID-19 in pediatrics	Symposium Detection and adverse effects of drugs in the environment
9.00-9.30								
9.30-10.00								
10.00-10.30	Symposium Brain-gut axis as a key target for the treatment of stress-related diseases	Round Table SIF-Eguale Medicines reconciliation: generic medicine's role in chronic diseases at community health level	Round Table The value of personalized therapy: CAR-T today		Symposium Cannabis, between therapy and toxicity: the bad and the good for the brain	Symposium Nutraceuticals and rare diseases: evidences and experimental approaches for a rationale use	Lecture Monoclonal Antibodies for the prevention of Respiratory Syncytial Virus in young children	Symposium New frontiers in chronic inflammation treatments
10.30-11.00								
11.00-11.30					Lecture New Treatment solutions to address the unmet need of patients with previously untreated diffuse large B cell lymphoma (DLBCL)		Lecture S1PR modulators in multiple sclerosis management	Real world data in a value based health system. The example of age-related macular degeneration
11.45-12.15		Plenary Lecture SALA LEPTIS MAGNA - siRNA: ready for prime-time - David Webb (UK)						
12.15-13.45		Plenary Round Table SALA LEPTIS MAGNA - Scientific value and appropriate use of medicine: the role of SIF						
13.45-15.00		Poster Session III and Lunch						
15.00-15.30	Symposium Neurobiology of stress-related neuropsychiatric disorders: mechanisms of vulnerability and therapeutic strategies	Lecture Antisense oligonucleotides (ASOs): The evolution of a new therapeutic paradigm	Symposium Innovation in the treatment of hemophilia: a change of paradigm	Round Table The care of multiple sclerosis patient: the right therapy at the right time	Symposium Medical devices made of substances: scientific and regulatory aspects	Lecture SIF consensus update for botulinum toxin	Symposium Type2 Diabetes Mellitus: an evolving disease	Symposium New Frontiers in Immunopharmacological Treatments
15.30-16.00								
16.00-16.30	Symposium "Giancarlo Pepeu" Cognitive dysfunctions in neuropsychiatric disorders: mechanisms and therapeutic challenges	Symposium Repurposing/repositioning of drugs to cover unmet pediatric therapeutic needs	Symposium Antibody-drug conjugates in metastatic breast cancer: from clinical pharmacology considerations to patient care	Symposium The BBB as an additional target for the treatment of brain disorders	Round Table Decentralized Clinical Trials	Symposium Nutraceuticals in paediatrics: efficacy and safety	Symposium Pharmacologic approaches for the treatment of eating disorders and obesity	
16.30-17.00								
17.00-17.30								
17.30-18.00		Symposium Didactic aspects under the aegis of the Collegio Nazionale dei Farmacologi Universitari (CNFU)	Round Table Animal studies on Substance Use Disorders in Italy: focus on scientific relevance, regulation laws and alternative methods	Symposium An Inflammation-Centric View of Neurodegenerative Diseases	Lecture HTA of chronic aspects in the lymphoproliferative diseases	Oral Communications Targeting neuronal chloride transporters NKCC1 and KCC2 for psychiatric and neurological disorders		
18.00-18.30								
18.30-19.30		SALA LEPTIS MAGNA - SIF General Assembly						

41° CONGRESSO NAZIONALE della SOCIETÀ ITALIANA di FARMACOLOGIA

IL VALORE SCIENTIFICO e l'USO APPROPRIATO del FARMACO

Sabato 19 novembre 2022

	AREA FORMAZIONE ECM	AREA FORMAZIONE NON ECM					
Ora	MASSALIA II	LEPTIS MAGNA	MASSALIA I	BAALBEK	TARRAGONA	PERGAMO	MYSALA
8.30-9.00	Symposium New hopes for the therapy of amyotrophic lateral sclerosis, from preclinical to clinical studies	SIF-EACPT joint Symposium COVID-19 vaccine safety: what have we learned?	Oral Communications Neuropharmacology 2	Oral Communications Cancer Pharmacology 2	Oral Communications Pharmacovigilance, Pharmacoepidemiology, Pharmacoeconomy and Real World Evidence 2	Oral Communications Pharmacology of Rare Diseases	Oral Communications Chemotherapy and infectious disease
9.00-9.30						Symposium Natural products in the management of cognitive impairment and behavioral disorders: from bench to bedside	
9.30-10.00							
10.00-10.30	Symposium Circulating Extracellular Vesicles: cellular mediators, biomarkers and therapeutic tools	Symposium COVID-19 and the new paradigms of drug research	Symposium State of the art and perspectives in cancer biomarkers research and application	Symposium Novel targets in the treatment of chronic pain	Symposium Environmental factors during pregnancy and enhanced risk for mental illness		Symposium Therapeutic Drug Monitoring (TDM) of anti-infective agents
10.30-11.00							
11.00-11.30							
11.45-12.15		Plenary Lecture SALA LEPTIS MAGNA - The neurobiology of social behavior: implication for mental health - <i>Camilla Bellone (Switzerland)</i>					
12.15-12.45		Plenary Special Lecture SALA LEPTIS MAGNA - The future of pharmaceutical industry: perspectives - <i>Marcello Cattani (Rome)</i>					
12.45-13.30		Plenary session SALA LEPTIS MAGNA - <i>Conclusions and Awards</i>
